

Cast your NETS on the Other Side

Have you been following the current events in Kenya? If you have then you already know that God worked a great miracle for Kenya in the just concluded referendum where Kenyans demonstrated that we are mature enough to conduct a free and fair democratic election regardless of whether one is orange or banana.

What bothers me though is that no matter what Kenyans pray for and petition God for, it always seems that the people always get back to the old political abuse. Its like we always get a new ship with the old crew or the new crew in an old ship that don't go anywhere. For instance when Moi was in power, people complained about Moi's government, and when Moi gave up power to the new government, what happened, the new Kibaki government fell into the same rut they complained about when Moi was in power. Ring a bell? Something is seriously wrong and we need to address the situation with a view to effect a blessed change once and for all. A Real Spiritual and Political Breakthrough for Kenya and Kenyan Christians whether they in Kenya or the US!

And have also noticed that we Kenyans in the US also desperately need God as much as the Kenyans in Kenya do? Only that the need for the kind of Breakthrough we need cuts a different angle. Because no matter how much we work hard with all the doubles and triples, we always seem to hit the same position we are yesterday or last year? Honestly, we don't seem to make much progress and this tendency definitely calls for a serious Breakthrough! Yes a Powerful Supernatural Intervention that will once and for all change our lives Kabisa! And I mean both Spiritually, Economically, Politically, Socially and All. What do I mean you may be asking? Well, let me explain

Do you ever get so frustrated in life cause no matter how much you continue to trust God for breakthroughs in your life or a given condition or situation, NOTHING seems to change for you for somehow you always end up where you begun in the first place? Yes you continue to pray, fast and all that but the result is still the same and now you are inwardly so frustrated and almost giving up if you've not already given up!

If you find yourself in such a state, then I believe that today I have a very special word for you from God's word. So very quickly turn with me to John 21:1-6 and also John 20:30-31. Later on I will also invite you to read one of the most interesting and unique stories in Genesis 30:22-43
